

'Kidney donation is like giving a lifeline'

Staff Reporter

KOCHI: Kidney donation is like giving a lifeline to another human being and it is one of the good deeds that the society can take up, said Kochouseph Chittilapilly, chairman of V-Guard Industries.

Giving an inspirational speech at the Mar Thoma Guidance Centre, Mr. Chittilapilly, who had donated one of his kidneys to an unrelated person, said that it causes no harm to the donor as the body needs only one kidney to keep good health.

Mr. Chittilapilly said that the friendship and love are the most important requirements of the social milieu today. A person's selfish attitude is the most denigrating aspect of human life which harms society, he said.

Bishop Mathews Mar Makarios of the Kottayam and Kochi dioceses honoured Mr. Chittilapilly on the occasion. Earlier, Suseel Varghese C. director of the Guidance Centre, welcomed the gathering.
